

Slough Children's Trust Performance Scorecard Report - March 2010

Reporting Date: Quarter 4 - 24 February 2010

		Latest in year value								CAA Dataset								Previous to last published outturn value		
	LAA	National Indicators	Year / period	Slough	SE	SN	Eng	Rating likely to be viewed as	Year / period	Slough	SE	SN	Eng	SN Comparison	England Comparison	Good to be high or low	Rating likely to be viewed as	Date of previous outturn	Value of previous outturn	
1. Being Healthy	LAA	NI 50 Emotional health of children	2009/10	55.2	54.8	55.8	56	Concern This is a Tellus Survey based indicator which shows Slough 2009/10 performance drop by 6.2% from 61.4% (Tellus3 new weighting) to 55.2% (Tellus4). This is inline with the national picture which declined by 6.6% and along with our statistical neighbours ranging from a decline of 4.5% to 10.1%. This places Slough in the 3rd quartile, ranked 98th nationally (out of 152 LAs) and 6th (out of 11) in our SN group.	2008/09	61.4 (Tellus 3 new weighting)	61.6	62.7	62.6	Inline	Inline	High A statistically significant increase in the percentage of CYP in a local area giving responses which indicate good relationships.	Worst quartile This is a Slough LAA indicator (Tellus Survey).			
		NI 51 Effectiveness of child and adolescent mental health (CAMHS) services							2008/09	14		14	14	Inline	Inline	High (maximum score of 16 points)	Improved Outturn as at 31/01/09 of 14 out of a possible 16 points is an improvement on the baseline of 13 points however point below 2009 target of 15. This measure is an interim solution for 2008/09 only, with Department of Children, Schools and Families currently working to develop a replacement outcome measure for CAMHS from 2009 onwards.	2007/08	13	
		NI 52 Take up of school lunches - Primary							2008/09	28.1		42.4	40.6	Below	Inline	High	Worst quartile Baseline figure			
		NI 52 Take up of school lunches - Secondary							2008/09	33.4		37.0	35.9	Inline	Inline	High	Improved Improvement on 2007/08 baseline figures. Secondary results increased by 6.5% in comparison with previous year.	2007/08	27.0	
		NI 53 Prevalence of breastfeeding at 6 – 8 weeks from birth	2008/09	43% (prevalence) 67% (coverage)					This is the figure for Slough overall for 2008/09. In comparison WAMs - 50% (prev); 76% (coverage) and Bracknell - 38%; 77%. PCT wide was 44%; 73% Quarter 1 for 2009/10 PCT wide is 53% (prev) and 87% (cov).	2004/05	44.5		45.0	44.5	Inline	Inline	High Good performance is typified by an increase in the percentage coverage and prevalence year on year.	Misleading This figure is at PCT not LA level		
		NI 54 Services for disabled children	2009/10	65	60		61	Good 2009/10 performance compares favourably to SE & national averages									High Good performance is categorised by a higher score.	Deferred to 2009/10		
		NI 55 Obesity among primary school age children in Reception Year	2008/09	13.1	9.10		9.6	Concern Performance increased by 2.6% in comparison with previous year and considerably higher than SE and national averages.	2007/08	10.5		11.1	9.9	Inline	Inline	Low Good performance is: • A minimum of 85% of eligible pupils being measured. • A reduction in the proportion of obese children over time, initially showing a reduction in the rate of increase in the proportion of obese children.	Marginally above national value and slight increase from 2007 of 10.07%	2006/07	10.07	
	LAA	NI 56 Obesity among primary school age children in Year 6	2008/09	19.4	16.50		18.3	Concern An increase of 0.8% in comparison with previous year and also above the national and SE average. However marginally below 08/09 target of 20.05%.	2007/08	18.6		20.9	18.9	Above	Inline	Low Good performance is: • A minimum of 85% of eligible pupils being measured. • A reduction in the proportion of obese children over time, initially showing a reduction in the rate of increase in the proportion of obese children.	Data is collected, recorded and analysed by PCT, with cooperation of local schools. Excellent coverage saturation in terms of establishing height and mass of pupils.	2006/07	21.35	
	LAA	NI 57 Children and young people's participation in high-quality PE and sport	2008/09	82	83	79	81	2nd best quartile A 7% improvement from previous year and marginally above national average. However 2% below our 08/09 target of 84%.	2007/08	75		75	76	Inline	Inline	High A high percentage – one that is above the national average.	Deferred to 2009/10 Definition and collection of methodology not currently defined, although it is anticipated that this will be collected through an annual DCSF survey of schools and others. However the Schools Sport Survey 07/08 published Oct 08 states Slough as 87% which places Slough in the lower quartiles.	2006/07	86	
		NI 58 Emotional and behavioural health of children in care							2008/09	18.1	15.3	13.4	13.7	Above	Above	Low (Score range is between 0 - 40 points)	Best quartile This is a new indicator and the first year than data has been established. Initial performance is 4.2% above the national average of 13.9%.			

Slough Children's Trust Performance Scorecard Report - March 2010

Reporting Date: Quarter 4 - 24 February 2010

Latest in year value										CAA Dataset										Previous to last published outturn value	
LAA	National Indicators	Year / period	Slough	SE	SN	Eng	Rating likely to be viewed as	Year / period	Slough	SE	SN	Eng	SN Comparison	England Comparison	Good to be high or low	Rating likely to be viewed as	Date of previous outturn	Value of previous outturn			
	NI 199 Children and young people's satisfaction with parks and play areas	2009/10	56.4	55.9	55.6	54.1	Very Good This Tellus Survey based indicator where Slough's 2009/10 performance improved by 12.6% from 43.8% (Tellus3) to 56.4% (Tellus4). Slough performance have improved at a faster rate than our comparators. England average increased by 7.7% and by 7.2% for South East average. Slough Tellus4 figure of 56.4% is 2.3% above the England average of 54.1%. This places Slough is the 2nd quartile, ranked 58th nationally (out of 152 LAs and 4th (out of 11) in our SN group.	2008/09	43.8 (Tellus 3 new weighting)	48.7	48.4	46.4	Inline	Inline	High A statistically significant increase in the percentage of CYP who rate the parks and play areas in their local area as good or fairly good.	2nd best quartile Taken from Tellus Survey. Outturn deemed as 2008/09 by CAA.					
2. Staying Safe	NI 48 Children killed or seriously injured in road traffic accidents	2006/08	0.0 No of fatal/serious accidents for under 16s - 2006 (7); 2007 (11); 2008 (2 of which 1 was fatal)				The actual number of fatal/serious road accidents for under 16s has improved considerably from 11 in 2006 to 3 in 2008 of which 1 was fatal. Despite the decrease in year on year casualties, the comparison between a three year period and a rolling 3 year average produces a net percentage change of -5.1%. Despite this, the Council is still on target to exceed Government's 2010 target for road safety.	2005/07	-11.1 No of fatal/serious accidents for under 16s - 2005 (2); 2006 (7); 2007 (11)	8.2	9.7	6.6	Below	Below	High Good performance is typified by a positive percentage change. Poor performance will return a negative figure.	Worst quartile	2004/06	-12.5 No of fatal/serious accidents for under 16s - 2004 (9 of which 1 was fatal); 2005 (2); 2006 (7)			
	NI 69 Children who have experienced bullying	2009/10	27.5	30.2	27.7	28.8	2nd Quartile This is a Tellus Survey based indicator. This years Tellus4 results for this indicator are not directly comparable with previous years result due to changes in the questions asked. There has been a clear decline in the percentages for this indicator nationally. Slough figures improved by 21% from 48.5% (Tellus3) to 27.5% (Tellus4). This is inline with the national picture also which improved by 21.3% from 50.1% to 28.8%. This places Slough is the 2nd quartile, ranked 54th nationally (out of 152 LAs and 5th (out of 11) in our SN group.	2008/09	48.5 (Tellus 3 new weighting)	54.1	46.7	50.1	Inline	Inline	Low A reduction in reports of bullying would represent good performance, as it would show that the local authority is working with its partners to tackle the problems.	2nd best quartile Taken from Tellus Survey.					
	NI 70 Hospital admissions caused by unintentional and deliberate injuries to children and young people	2008/09	128.4	118.10	114.60	117.4	Improved Performance has improved in comparison to previous two years. Although Slough remains above England and SN averages it is worth highlighting that the SN value has increased from 2007/08 to 2008/09 whilst Slough has managed to buck this trend and improved from 144.6 in 2007/08 to 128.4 in 2008/09.	2007/08	144.6	118.3	109.6	123.9	Below	Inline	Low Good performance is typified by a lower rate.	Worst quartile Improvement on previous years rate but exceeds that of comparators.	2006/07	165.46			
	NI 71 Children who have run away from home/care overnight	Jul-Sept 09	12 out of 15					Apr-Jun 09	12 out of 15	8.6	8.8	8.7	Above	Above	High (maximum score of 15 points)	Best quartile NI calculated as a result of a quarterly self-assessment. Outturn is the result of aggregating the scores across the set criteria. Improvement on baseline of 5 and also from second self-assessment of 8.	Jan-Mar 09 Oct-Dec 08	8 out of 15 5 out of 15			
	NI 68 Referrals to children's social care going on to initial assessment	2009/10 Q1 2009/10 Q2 2009/10 Q3	50.6% 51.4% 52.6%				Favourable position, striking correct balance in appropriate referrals and child safeguarding	2008/09	58.4	70.5	66.5	Inline	Inline	Difficult to quantify whether good performance is typified by higher or lower numbers. The ideal should be placed in the mid 50% range.	Favourable position, striking correct balance in appropriate referrals and child safeguarding	2007/08	57.5				

Slough Children's Trust Performance Scorecard Report - March 2010

Reporting Date: Quarter 4 - 24 February 2010

		Latest in year value							CAA Dataset										Previous to last published outturn value			
LAA	National Indicators	Year / period	Slough	SE	SN	Eng	Rating likely to be viewed as	Year / period	Slough	SE	SN	Eng	SN Comparison	England Comparison	Good to be high or low	Rating likely to be viewed as	Date of previous outturn	Value of previous outturn				
LAA	NI 59 Initial assessments for children's social care carried out within 7 working days of referral	2009/10 Q1	72.7%				Improved Latest performance has seen the percentage rise above the latest SN and Eng comparator averages	2008/09	73.1				73.0	72.9	Inline	Inline	High Good performance is typified by higher percentages.	Concerns Drop from previous year's performance. The slippage on completion rate has been significantly affected by the increase in the overall number of initial assessments being completed in the year (2216 in 08-09 compared to 1520 in 07-08; an increase of 46%).	2007/08	78.7		
		2009/10 Q2	73.1%																			
		2009/10 Q3	74.1%																			
	NI 60 Core assessments for children's social care that were carried out within 35 working days of their commencement	2009/10 Q1	73.7%					Improved Latest performance has seen the percentage rise above the latest SN and Eng comparator averages	2008/09	74.0				78.8	78.4	Inline	Inline	High The bandings described performance as: 0 < 60: Investigate Urgently, 60 < 70: Ask questions about performance 70 < 75: Satisfactory 75 < 80: Good 80 < 100: Very Good	Concerns Performance has worsened since 2007/08. The lower rate should be viewed against the high level of initial assessments completed in the year.	2007/08	88.5	
		2009/10 Q2	75.7%																			
		2009/10 Q3	79.0%																			
	NI 64 Child protection plans lasting 2 years or more	2009/10 Q1	3.5% (3 of 85)					Fine	2008/09	3.2 (3 of 95)				4.6	5.3			Low Good performance is typified by a lower percentage. However we recognise that some children will need child protection plans for longer than 2 years and are not necessarily expecting a zero percentage return.	Good Good performance on safeguarding, indicating effective turn around of child protection plans to minimise risk.	2007/08	3.2 (3 of 94)	
		2009/10 Q2	3.7% (4 of 109)																			
		2009/10 Q3	3.7%																			
NI 65 Children becoming the subject of a Child Protection Plan for a second or subsequent time	2009/10 Q1	11.2% (19 of 170)					Fine	2008/09	12.5 (22 of 176)				13.7	12.8	Inline	Inline	Low Good performance is generally low. The banding for this indicator describes good performance as being between 10% and 15%.	Fine - in "best practice" zone	2007/08	8.3		
	2009/10 Q2	9.8% (16 of 174)																				
	2009/10 Q3	12.1% (20 of 16)																				
NI 67 Child protection cases which were reviewed within required timescales	2009/10 Q1	99.2%					Latest Quarter represents a fall from 100%. One conference involving 3 children and young people missed the statutory timescales.	2008/09	100.0				99.1	98.2			High A higher value indicates better performance. However, the indicator should be considered in conjunction with NI 65 and NI 64. For example, a high figure for this indicator would also be expected to be linked with reasonably low figures for NI 64 otherwise the efficacy of the reviews may be questionable. The best performance on this indicator would be 100%.	Improved - Back to 100%	2007/08	95		
	2009/10 Q2	95.9%																				
	2009/10 Q3	97.2%																				
NI 61 Stability of looked after children adopted following an agency decision that the child should be placed for adoption								2008/09	76.9				65.4	74.6	Inline	Inline	High Good performance is typified by higher percentages.	Satisfactory (10 of 13)	2007/08	75		
NI 62 Stability of placements of looked after children: number of moves	2009/10 Q1	11.7% (16 of 137)					Very Good Maintained at best performance level (defined as anything below 16%)	2008/09	8.8 (12 of 137)				10.1	10.4	Inline	Inline	Low The bandings described performance as: 0 < 16.01: Very Good 16.01 < 20: Ask questions about performance 20 <= 100: Investigate urgently	Very Good Maintained at best performance level	2007/08	7.5		
	2009/10 Q2	13.2% (19 of 144)																				
	2009/10 Q3	13.2%																				
NI 63 Stability of placements of looked after children: length of placement	2009/10 Q1	66.7%					Fine	2008/09	62.5				67.7	66.4	Inline	Inline	High Generally high, although performance should never reach 100% - some placement change is necessary.	Bottom quartile	2007/08	66.7		
	2009/10 Q2	67.9%																				
	2009/10 Q3	60.7%																				
NI 66 Looked after children cases which were reviewed within required timescales								2008/09	93.1				88.7	91.7	Inline	Inline	High Good performance is typified by a higher percentage. It should be noted that the banding of this indicator describes the best performance as 95 <= 100, and the worst (Investigate Urgently) as 0 < 80.	Slight fall from last years performance	2007/08	98.0		
3. Enjoying and Achieving	LAA	NI 72 Achievement of at least 78 points across the Early Years Foundation Stage with at least 6 in each of the scales in Personal Social and Emotional Development and Communication, Language and Literacy	2008/09	46.3		49.4	51.2	Improved Considerable improvements on 2009. However below national and statistics neighbours average. Ranked 126th nationally.	2007/08	33.0	50.0	44.4	48.5	Below	Below	High Higher percentages show better performance.	Worst quartile Rated as 'WELL BELOW' national and SE 'BELOW' SN group and fell relative to 2007	2006/07	43			
		NI 109 Number of Sure Start Children Centres	2008/09	80.0				Good 8 Children's Centres with a further two to be opened by 2010.	2008/09							High Good performance is typified by higher % of designations against centres required.						

Slough Children's Trust Performance Scorecard Report - March 2010

		Latest in year value						CAA Dataset										Previous to last published outturn value	
LAA	National Indicators	Year / period	Slough	SE	SN	Eng	Rating likely to be viewed as	Year / period	Slough	SE	SN	Eng	SN Comparison	England Comparison	Good to be high or low	Rating likely to be viewed as	Date of previous outturn	Value of previous outturn	
LAA	NI 92 Narrowing the gap between the lowest achieving 20% in the Early Years Foundation Stage Profile and the rest	2008/09	36.9		35.9	33.6	Improved Considerable improvements on 2008. However gap wider than national and statistical neighbours gap. Ranked 135th nationally	2007/08	43.5	33.7	37.4	34.8	Below	Below	Low A lower percentage gap shows good performance.	Worst quartile Rated well below comparators and relative to 2007	2006/07	40	
LAA	NI 73 Achievement at level 4 or above in both English and Maths at Key Stage 2 (Threshold)	2008/09						2008/09	66.0		69.7	71.9	Below	Below	High Good performance is typified by percentages where the proportion of pupils is above the national average and where there are no schools where performance has been below the 55% floor target for 4 or more consecutive years.	Worst quartile Prov figure (including RAs) is lower than 2008 and comparators	2007/08	69	
	NI 76 Achievement at level 4 or above in both English and Maths at KS2 (Floor)	2008/09	6 schools				Concerns 6 schools below the threshold of 55% (Fosborough, Montem, Marish, Penn Wood, Iqra and St Ethelbert's).	2007/08	3		12	9			Low Good performance is typified by no schools achieving below 55% Level 4+ in both English and maths for 4 or more consecutive years.		2006/07	4	
LAA	NI 93 Progress by 2 levels in English between Key Stage 1 and Key Stage 2	2008/09	79.0	81.0	83.1	82	Concerns Although a slight improvement from previous year. Performance below all comparators. Ranked 128th nationally placing Slough in the bottom quartile.	2007/08	77.0	81.0	83.0	82.0	Below	Below	High Good performance is exemplified where the percentage achieving 2 levels progress (as defined above) is higher than the national average.	Worst quartile	2006/07	82	
LAA	NI 94 Progress by 2 levels in Maths between Key Stage 1 and Key Stage 2	2008/09	74.0	79.0	80.8	81	Concerns Although a slight improvement from previous year. Performance below all comparators. Ranked 147th nationally placing Slough in the bottom quartile.	2007/08	71.0	76.0	78.0	78.0	Below	Below	High Good performance is exemplified where the percentage achieving 2 levels progress is higher than the national average.	Worst quartile	2006/07	72	
LAA	NI 99 Children in care reaching level 4 in English at Key Stage 2							2008/09	0.0 1 child (Sep 08)	44.0	43.7	47.6	Below	Below	High Good performance is typified by higher percentages.	Worst quartile One pupil in 08/09 KS2 cohort - has SEN. Key Stage indicators for looked after children have exceedingly small cohorts and are restricted to cover LAC who remain in care at the end of September following exam year.	2007/08	66.7 6 of 9 children (Sep 07)	
LAA	NI 100 Children in care reaching level 4 in Maths at Key Stage 2							2008/09	0.0 1 child (Sep 08)	37.0	43.4	45.3	Below	Below	High Good performance is typified by higher percentages.	Worst quartile One pupil in 08/09 KS2 cohort - has SEN. Key Stage indicators for looked after children have exceedingly small cohorts and are restricted to cover LAC who remain in care at the end of September following exam year.	2007/08	44.4 4 of 9 children (Sep 07)	
	NI 104 The Special Educational Needs (SEN)/non-SEN gap – achieving Key Stage 2 English and Maths threshold	2008/09	54.0			47	Worst quartile Slough's 2009 gap figure of 54% has reduced by 2% in comparison with last year's gap figure of 56%. Slough's performance is 7% wider than the national 2008/09 narrowing the gap target of 47%, and is ranked 141st nationally out of 152 LA's. However performance inline our 2008/09 target of 54%.	2007/08	56.0	52.6	49	50	Below	Below	Low Good performance is typified by lower percentage point gap between pupils identified as having special educational needs and their peers.	Worst quartile Slough's performance sits in the lowest quartile nationally and its position is 11th out of the 11 in its SN Group.	2006/07	50.0	
	NI 107 Key Stage 2 attainment for Black and minority ethnic groups - White group	2008/09	65.0	72		73	Concerns Slough's performance is below previous year and below comparator averages.	2007/08	69.2	73.2	71.7	73.6	Inline	Below	High Good performance should also be typified by higher percentage of the ethnic group achieving at least Level 4 in English and Maths at KS2.	Worst quartile Considerably below comparator value although improvement on 2007	2006/07	65.0	
	NI 107 Key Stage 2 attainment for Black and minority ethnic groups - Mixed group	2008/09	66.0	73		73	Concerns Slough's performance is below previous year and below comparator averages.	2007/08	76.2	74.8	72.8	74.2	Inline	Inline	High Good performance should also be typified by higher percentage of the ethnic group achieving at least Level 4 in English and Maths at KS2.	Good Improved on 2007 and above comparator values	2006/07	71.0	
	NI 107 Key Stage 2 attainment for Black and minority ethnic groups - Asian group	2008/09	69.0	68		70	Concerns Slough's performance is below previous year however inline with comparator averages.	2007/08	72.0	70.7	74.2	72.7	Inline	Inline	High Good performance should also be typified by higher percentage of the ethnic group achieving at least Level 4 in English and Maths at KS2.	Improved Improvement on 2007 and marginally above national. Poor in comparison with stat neighbours	2006/07	65.0	
	NI 107 Key Stage 2 attainment for Black and minority ethnic groups - Black group	2008/09	54.0	61		64	Concerns Slough's performance has improved in comparison with previous year however below comparator averages	2007/08	52.0	61.5	60.8	62.3	Inline	Below	High Good performance should also be typified by higher percentage of the ethnic group achieving at least Level 4 in English and Maths at KS2.	Worst quartile Considerably below comparator value although improvement on 2007	2006/07	49.0	

Slough Children's Trust Performance Scorecard Report - March 2010

Good Marginally exceeds target of 95% and inline with comparators.	2007/08	97.7	
	NI 114 Rate of permanent exclusions from school	2007/08 2008/09 2009/10 Term 1	0.08 0.01 0.00	0.12	0.11	0.11	Good Consistently low. Rate dropped to two exclusions for academic year 2008/09	2006/07	0.08	0.1	0.10	0.11	Inline	Inline	Low Good performance is typified by lower percentages.	Best quartile			
5. Achieving Economic Well-being	NI 116 Proportion of children in poverty							2008/09							Low Good performance is typified by falling proportion.				
	NI 118 Take up of formal childcare by low-income working families							2006/07	12.0	-	15.1	17.4	Below	Below	High Higher percentages show better performance.	Worst quartile 2007 value well below comparators	2005/06	11	
	NI 91 Participation of 17 year-olds in education or training							2007	81		83	77	Inline	Inline	High Higher percentages show better performance.	Very good Exceeds comparators	2006	84	
	LAA NI 117 16 to 18 year olds who are not in education, training or employment (NEET)	2008/09 2009/10 Q1 2009/10 Q2 2009/10 Q3 Overall 2009/10	5.3 6.3 8.8 6.2 6.0				Concerns 2008/09 Inline with 2007/08 however, quarter 1, 2 & 3 of 2009/10 suggest rate are on the rise (Apr 6.5; May 6.1; June 6.3; July 7.7; Aug 9.2; Sept 9.4; Oct 5.9; Nov 6.6; Dec 6.1). The overall NEET rate for Slough for 2009/10 is 6.0% (an average of Nov 6.6; Dec 6.1 and Jan 5.2) which is 0.7% higher than the previous year's and well above the current target of 4.4%.	2007/08	5.3	5.7	6.8	6.9	Inline	Inline	Low A lower percentage of NEET shows better performance.	Good Well below national value	2006/07	5.8	
	NI 148 Care leavers in employment, education or training	2008/09	64.7		62.60	62.6	2nd best quartile Significantly improved on last year's outturn	2007/08	45.5	61.3	57.6	65.1	Below	Below	High Good performance is typified by a positive increase in percentage.	Some Concerns This indicator is based on a small cohort of young people, and their own individual circumstances when they become 19. Targets are set lower than 100% since an increasing proportion of our care leaver cohort as defined for this indicator are unaccompanied asylum seekers who have no right to work, or who have left the UK before age 19.	2006/07	40	
	NI 79 Achievement of a Level 2 qualification by the age of 19							2007/08	77.2	-	71.7	72.4	Above	Inline	High Higher percentages show better performance.	Best quartile Improved on 2007 and marginally above national. Ranked 24th nationally.	2006/07	74.4	
	NI 82 Inequality gap in the achievement of a Level 2 qualification by the age of 19							2007/08	58.1	51.9	63.0	55.9	Below	Inline	High Higher percentages show better performance.	Good Ranked 46th nationally although a slight drop from 2007.	2006/07	59.4	
	NI 80 Achievement of a Level 3 qualification by the age of 19							2007/08	56.9		46.0	46.9	Above	Above	High Higher percentages show better performance.	Very good Improved on 2007 and marginally above national. Ranked 15th nationally.	2006/07	53.0	
NI 81 Inequality gap in the achievement of a Level 3 qualification by the age of 19							2007/08	31.6	31.3	19.7	25.1	Below	Inline	Low Lower values mean better performance because this indicator shows the inequality gap in the achievement of level 3 qualifications at age 19 between young people who were/were not in receipt of free school meals at academic age 15.	Worst Quartile Gap widening year on year and well above comparators gap	2006/07	27.6		

[Slough Children's Trust Performance Scorecard Report - March 2010](#)

Reporting Date: Quarter 4 - 24 February 2010

Latest in year value								CAA Dataset										Previous to last published outturn value	
LAA	National Indicators	Year / period	Slough	SE	SN	Eng	Rating likely to be viewed as	Year / period	Slough	SE	SN	Eng	SN Comparison	England Comparison	Good to be high or low	Rating likely to be viewed as	Date of previous outturn	Value of previous outturn	
	NI 106 Young people from low income backgrounds progressing to higher education							2006/07	21		16	19	Below	Inline	Low This indicator calculates the gap between the proportions of 15 year olds eligible for free school meals (FSM) and those not eligible for FSM progressing to higher education at the age of 18 or 19. Therefore a gap reduction in the broader context of improvement for all.	Improving The gap has reduced considerably from the previous year and marginally above national.	2005/06	32	
	NI 147 Care leavers in suitable accommodation	2008/09	91.2 (31 of 34)		88.20	89.4	Fine	2007/08	68.2	85.1	87.9	88.8	Below	Below	High Good performance is typified by a positive increase in percentage.	Some Concerns Low value, and fallen since previous year (was 93.3%). Will be viewed unfavourably, although context is critical here: e.g. in terms of former UASC LAC who have left the U.K. being regarded by counting rules as if "unsuitable accommodation" purely since this is "not known".	2006/07	93.3
